

Village of East Nassau Zoning Map

NOT FOR OFFICIAL USE
This map has been prepared for boundary verification only.

NOT FOR OFFICIAL USE

Zoning boundaries as shown are based on documents provided by the municipality.
Zoning classification should be confirmed using the official zoning map of the municipality.

NOTE: Special Flood Hazard Areas (100 year) and 500 year flood zones based on Q3 Flood Data provided by Federal Emergency Management Agency (FEMA). The digital Q3 Flood Data is designed to provide guidance and a general proximity of the location of Special Flood Hazard Areas. The digital Q3 Flood Data cannot be used to determine absolute delineation of flood risk boundaries, but instead should be seen as portraying zones of uncertainty and possible risks associated with flood inundation. Q3 Flood Data does not replace the existing hardcopy maps.
